Pune, Maharashtra, India

Objective

Dynamic Software Engineer adept in Java, Spring Boot, and React.js; skilled in building scalable, **full-stack** web applications and robust **REST APIs**. Eager to leverage strong problem-solving capabilities to deliver high-impact software solutions in a fast-paced engineering team.

Education

Bachelor of Engineering in Computer Engineering

Dec 2021 – Jun 2025

Matoshri College of Engineering and Research Centre (CGPA: 7.90 / 10.0)

Nashik, MH

Technical Skills

Languages: Java, SQL, HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: Spring Boot, React.js, Tailwind CSS

Databases: MySQL, PostgreSQL

Tools & Concepts: Git/GitHub, Docker, RESTful APIs, OOPs, JDBC, SDLC

Professional Experience

Codeverge IT Solutions

Feb 2026 – May 2026

Full-Stack Developer Intern

Pune, MH

- Built **Stack_Trace**, a full-stack developer productivity platform using **React.js**, **Spring Boot**, and **MySQL** to streamline workflow management, skill tracking, and real-time progress monitoring.
- Developed and maintained **full-stack** web applications using Java, Spring Boot, React.js, JavaScript, HTML, CSS, and MySQL.
- Developed and enhanced responsive user interfaces for platforms including **Yuva-Mitra** and the **Anand Sadhana** mission website, focusing on accessibility, user experience, and mobile-first design principles.

Numetry Technologies

Jan 2025 – Jun 2025

Software Developer Intern

Pune, MH

- Developed modular, high-performance **React.js** components, reducing code redundancy by 30% across internal dashboards.
- Collaborated on **Test-Driven Development (TDD)** workflows to integrate frontend modules with backend Spring Boot services, ensuring 95%+ API uptime during testing.

Projects

Stack_Trace - Employee Skill Management | Java, Spring Boot, React.js, MySQL

GitHub | Apr 2026

- Developed a full-stack **SaaS** platform for organizations to manage employee skill development, enabling admins to assign skills, define completion timelines, and monitor real-time learning progress through interactive dashboards.
- Implemented secure onboarding, **JWT authentication**, and **RBAC workflows**, enabling admins to invite employees through registration links and manage platform access securely.
- Built skill **verification** and **reporting** modules with assessment integration, certification validation, consistency tracking, and bulk report downloads for workforce management.

Yuva-Mitra - NGO Community Platform | React.js, Tailwind CSS

Live | Feb 2026

- Designed and developed a responsive NGO platform focused on connecting volunteers, communities, and social initiatives through an engaging digital experience.
- Optimized frontend performance and responsiveness to ensure consistent experience across desktop, tablet, and mobile devices.

Personal Portfolio Website | React.js, Tailwind CSS, Framer Motion

Live | Dec 2025

- Created a modern personal portfolio website to showcase projects, technical skills, certifications, and development experience.
- Integrated smooth animations, responsive layouts, and dark/light theme support to enhance overall user experience.

Certifications

Backend Development with Spring Boot – TNS India Foundation (2025)

Java Programming – Great Learning (2025)

Java with DSA – PW Skills (2024)
